7.4 Contribution to environmental awareness / protection

Our campus was made more greener by planting one thousand saplings provided by the forest department of Tamil Nadu Government. With the financial assistance of the Government of Tamil Nadu, the rain water passage was cleaned and renovated to enhance the rain water harvesting. With the help of the PWD department of the Tamil Nadu Government we cleaned the campus. The chemistry Department of our institution regularly conducts environmental awareness programme with the financial assistance from the Ministry of Environment and Forest of Government of India. They also conducted an exhibition on Medicinal plants to expose the younger generation about the importance of medicinal plants.

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

8. Plans of institution for next year

1. All our students are provided with free lap top by Government of Tamil Nadu. With the help of this we planned to introduce SMART CLASS, to give advanced learning opportunities to our students. We hope this will change teaching practices too.

2. Our government has started a program called "STUDY ABROAD" especially for students and teachers of Government colleges to pursue training for six months at esteemed universities in UK. For this program fluency in English is essential. To develop or students in this regard we are conducting regular soft skill development training. This skill development program is supported by our staff members as well as experts appointed by Government of Tamil Nadu. Such programs will be made more efficient in future.

3. In order to increase the employability of our students, training are regularly given for the students. This year INTEL and BSNL companies came to our campus for offering training. Students have participated enthusiastically and welcomed such trainings. Hence, we will take more initiatives to conduct more number of such programs from the academic year 2014-2015.

4. In 2013-2014 academic year we sent proposals to the government of Tamil Nadu for 13 new courses. We are expecting approval for these courses from the government.

5. Based on our earlier proposal the government has allotted funds for the construction of 14 new class rooms. The work is to be started soon. Expecting all the courses proposed for the next academic year will be approved, we are going to send proposals for more classrooms, lab facilities auditorium and rest room for girls to the government of Tamil Nadu and UGC.

6. This year government has allotted 54 lakh rupees for the construction of toilets and sanitary facilities. The work has just started and steps are taken to finish the work before the start of the next academic year.

7. In order to inculcate scientific temper and research among the students' seminars and workshops are regularly conducted. We believe such programs will motivate our students to go for higher studies and create awareness about research and various funding agencies for providing financial support to do research. Hence, we planned to give more emphasis to conduct more number of seminars and workshops by utilizing

funding opportunities provided by the government as well as other agencies.

8. Our staff members have minor and major projects funded by DST and UGC. Due to the constant encouragement given by the Principal, many staff members of our college have submitted their research proposals to various funding agencies. More focus will be given for this in future.

9. Our college is situated very close to many software and hardware companies. Our Principal has approached these companies asking job training for students for their man power requirements. We are expecting a favorable consent from these companies. This year our students have attended many on campus and outside job fairs through our placement cell and got selected. We are going to invite more companies for better job opportunities.

10. In this academic year our college has got basic infrastructures like glass board, desks, chairs, table etc under the Tamil Nadu government scheme of One Crore Project. Our government has implements 100 crore project for enhancing infrastructure needs of an institution like instruments, computers, and various teaching aids. We have submitted our requirements proposal.

11. In order to provide safe drinking water to the college, steps were taken to fix RO system in all the departments.

12. In order to encourage our students in co curricular front many steps were taken. Our students have got Gold medal and First prize and trophy in inter collegiate competition. We have planned to organize and participate in more number of sports and cultural activities. In this aspect proposal is to be sent to the government for the construction of a fitness center and indoor sports facility in our college.

13. We believe character building is more important than the curricular development. For the holistic development and stress free life of a student we offered personality development and yoga classes. Because of this we have noticed encouraging behavioral changes among the student. Hence, we are going to make yoga and personality development training as a regular practice in coming years.

The college welfare committee after having an elaborate discussion on the feedback with Alumni, Parents and the students noticed that the curriculum atmosphere was good. We need to improve the infra structure in the classrooms. More new courses and coaching classes for competitive exams are needed. Students suggested buying more journals and magazines. Though we have got some new courses, we are yet to build new classrooms. We have taken the necessary steps and proper plan has sent by the PWD department. Students also wished to have a special coaching in the sports area by trained experts. They also wanted to have more inter, intra departmental competitions and wish to participate in more intercollegiate competitions. We consider the feedback and valuable suggestions and set right one by one.
